

# Clean Screen

## OPTICAL, LCD, PLASMA & FLAT SCREEN CLEANER

- ✓ **Clean Screen** is a completely environmentally friendly product, non toxic and non flammable.
- ✓ **Clean Screen** is a high quality product that gives tangible results unlike many cheaper products available on the market.
- ✓ **Clean Screen** is completely Australian made and owned.
- ✓ **Clean Screen** is simple and easy to use.
- ✓ **Clean Screen** is recommended for use on Sharp Akai, Sanyo, Panasonic, LG, Sony, Fujitsu, JVC, Mitsubishi, NEC, Orion, Philips, Samsung Teac, Toshiba, Grundig, AWA, Digitrex, Apple, Sony, BenQ, Dell, Acer and all other brands.
- ✓ **Clean Screen** does NOT contain solvents or other harsh chemicals like Alcohol, Ammonia, Acetone, Ethanol, Glycol and Toluene.

All of the above chemicals damage screens especially LCD and plasma screens. The screens will deteriorate significantly if any of the above chemicals are used on the screen's surface.

**NOW AVAILABLE IN 60ml  
& 125ml TWIN PACK**

**Australian Patent No. 2005902797**
