## Tegatech goes CLEAN

Tegatech Australia launches a brand new LCD cleaning solution

For immediate release: December 15, 2008

Today Australia's only Mobile PC specialist Distributor Tegatech Australia announced the launch of its brand new all purpose LCD CLEANING SOLUTION named CLEAN SCREEN. It will be distributed exclusive to Tegatech resellers and sub distributors and packaged for the retail sector. "We expect Harvey Norman stores, Office Works and others will love this product" says Tegatech principal Hugo Ortega. "Because margins are good and the product works perfectly we know it will attract lots of attention."

CLEAN SCREEN is an environmentally friendly product, non toxic and non flammable. Completely Australian made and owned CLEAN SCREEN is simple and easy to use and is available in two packages, 60ml and 125ml twin pack. Each bottle comes with a free microfiber cloth and set of instructions for use.

CLEAN SCREEN does NOT contain solvents or other harsh chemicals like Alcohol, Ammonia, Acetone, Ethanol, Glycol and Toluene. All of the above chemicals damage screens especially LCD and plasma screens. These screens will deteriorate significantly if any of the above chemicals are used on the screen's surface; CLEAN SCREEN leaves no residue and when applied with the free microfiber cloth turns grubby monitors and TVs to new. Tested on UMPC, Tablet PC, Notebooks, nebooks, iPhones, iPods, Cameras and Projectors too, CLEAN SCREEN will suit everyone using touchscreens and any form of LCD.

Stock is available immediately and SPECIAL INTRODUCTORY PRICING for Authorised Resellers can login to obtain pricing without delay. As always Tegatech Australia is looking for new Resellers in AU/NZ and welcomes the contact.
