

Tegatech Australia releases latest Samsung UMPC Q1-EX now available with new pricing for entire Q1U range

Sydney, NSW, April 21, 2009 – Mobile PC Distributor Tegatech Australia, a leading wholesaler of mobile computing solutions, today announced the availability of the new Q1-EX Ultra Mobile PC by Samsung Electronics. Tegatech has been distributing the Samsung UMPC since 2007 and has chosen to add the Q1-EX due to its power-saving ULV processor by chip manufacturer VIA Technologies, its smaller footprint, new minimalistic design and appealing price point.

In addition to the launch Tegatech Australia has taken advantage of recent successes and slashed prices across the Samsung range of devices. This will include:

- [Samsung Q1U-XP](#)
- [Samsung Q1UP-XP](#)
- [Samsung Q1U-SSD-XP](#)

Samsung Q1-EX

Measuring just 22.8cm wide and 2.3cm thick and weighing less than 650g, the Q1-EX is small and light enough to be a business tool you can take anywhere. It's a computer, PDA, MP3 player and digital camera in one.

Features:

- No more split QWERTY keyboard (removed by popular demand)
- Streamline fascia for wider appeal in home automation, mobile media, mobile POS and more
- Smaller footprint than previous Q1U series (about 15mm less width)
- Lighter form-factor
- New VIA Nano ULV Processor U2500 (1.2GHz)
- Lowest cost Samsung UMPC to date!

Pricing and Availability

Tegatech also stated they would make it available in Australia & New Zealand immediately and that pricing could now be obtained online. For more details visit: <http://www.tegatech.com.au>.
