

## GO MOBILE with Tegatech Australia latest Viliv's UMPC range!

Tegatech expands its UMPC product line with two of Viliv's exciting new systems; the Viliv S5 and the Viliv X70

### NSW, October 15th 2009: Tegatech Product News

Viliv presents an exciting array of devices which provide mobility and functionality like never seen before. With built-in features such as GPS, 3G connectivity, WiFi and Bluetooth the range will suit most mobile requirements. With inclusions such as:

- **Resistive Touchscreen**
- **6 hrs Battery Life**
- **Solid State Disk (SSD) HDD for faster boot times and more rugged performance**
- **GPS built-in as standard**
- **HSDPA built-in (optional)**

With the S5 supporting a 5" display and the X70 with a 7" display these devices are designed for the true road warrior.

Boasting a build quality to rival any manufacturer, and a determination to succeed, the Viliv range will live up to its promises, and more!

### About the Viliv S5 - the real pocket PC

The Viliv S5's size and build-quality are impressive for one of the smallest UMPCs on the market. Viliv has crafted an amazing, ultra-portable, fully-functional internet device which is rich in features and has an incredible battery life, among the best of any Mobile PC.
