

## **Tegatech Australia brings a little ray of sunshine**

Tegatech announces Exclusive New Partnership with Arizona based Nova Mobility

**Sydney, NSW, July 25th, 2007** – Tablet PC Distributor Tegatech Australia, a leader in Mobile Computing Solutions, today announced a new Partnership with United States Rugged computing giant, Nova Mobility. Seen as a strategic move to grow Tegatech's Rugged Tablet PC business the new Partnership combines a wealth of knowledge and expertise from two Tablet Experts.

**“Nova is very excited to be working with Tegatech Australia as our Exclusive Partner in Australia and New Zealand. Tegatech lends a great depth of expertise at the Distribution level, and their niche focus on Tablet PC and UMPC suits us nicely.” - George Ecker, CEO Nova Mobility Systems.**

As a result of the Partnership today was also the official launch of the SunPad - a Nova Ultra Mobile PC (UMPC) introduced to the A/NZ marketplace via this new and Exclusive Agreement; Tegatech also announced pricing and the fact that it would make the SunPad available as soon as the first week August 2007. The SunPad is a semi-rugged UMPC which contains unique features like an 8.4” screen, PCMCIA slot and hot-swappable battery. Its optional outdoor viewable screen is the industries best and truly “a little ray of sunshine for Resellers”, says Ortega, Tegatech Principal.

**“We have seen a great increase in demand for rugged mobile PC solutions which support the Windows XP Platform. In the past we have not been able to meet these demands as outdoor viewability was poor and rugged devices were often too expensive. The arrival of the Nova SunPad is probably the most exciting launch for us this year and will sit nicely with Resellers targeting Military, Police, Mining and many other Mobile specific needs.” – Hugo Ortega, Principal Tegatech Australia.**

Tegatech Australia Resellers experienced an increased number of successes in 2007 and are confident the new range will generate an increase in sales and ultimately in profitability for those Authorised with the Company.

For Immediate Release

### **About the Nova SunPad**

The SunPad features the integration of a bright 8.4" touch display over an efficient AMD Geode-powered electronics platform within a thin, light, yet robust, metal package. Versatility reflected in the hardware and software features makes the device applicable for deployment leveraging network access and custom software.

Features include support for major Embedded operating systems and Windows XP, protective rubber jacket for rugged needs, accessible yet securable interfaces for a range of peripherals and accessories, configurable for different storage and networking requirements, multiple options for battery expansion and incredible outdoor visibility under any lighting conditions.

The new range includes:

- **XPe-84-512 SunPad XP Embedded Tablet Computer** (512 Flash memory HDD)
- **XPT-84-4GB SunPad XP Tablet PC Edition Computer** (4GB Flash Memory HDD)
- **XPT-84-30GB SunPad XP Tablet PC Edition Computer** (30GB IDE HDD)
- **XPT-84-8GB SunPad XP Tablet PC Edition Computer** (8GB Flash Memory HDD)

Each support hot-swappable battery and have the ability to ship with the industries brightest outdoor viewable display. The Windows XP Tablet PC version will also provide "Palm Rejection Technology" to ensure the best Pen experience while maintaining its Touchscreen abilities

### **Pricing and Availability**

Product will begin shipping to resellers as early as the first week of August, 2007. For additional details, pricing and pre-order information, please visit <http://www.tegotech.com.au>.

### **About Tegatech Australia**

Tegatech Australia is a privately owned Company that has been in operation since 2003 as Australia's only Tablet PC specific Distributor. With a growing Channel of Resellers interested in Tablet PC the Company has experienced rapid growth. Tegatech's network of Authorised Resellers span the entire Nation and now reach into New Zealand. A strong collaboration with Manufacturers means that Resellers are supplied a steady source of Information and fed opportunities to help leverage sales. With a strong commitment to conducting Tablet PC related training Tegatech is continuously providing support to the community; Tegatech is currently looking for more Resellers to join their growing database.
